## PROFILE

### Multidisciplinary Creative & Digital Innovator:

A passionate technology and design professional with a proven track record in crafting innovative digital data-driven solutions. My ability to seamlessly blend creativity with technology allows me to transform concepts into tangible products that drive exceptional results.

### Core Skills:

**UX/UI Designer:** I specialize in designing intuitive user interfaces and delivering memorable user experiences, grounded in user-centered design principles.

**Web Developer:** Proficient in developing responsive, SEO-optimized websites and web applications using HTML, CSS, JavaScript, and modern solutions.

**Digital Marketer:** Skilled in crafting and implementing comprehensive digital marketing strategies, including SEO, SEM, social media, and email marketing. Experienced with tools like Google Analytics, Google Tag Manager, and Google Ads.

**Content Creator:** I create and curate engaging, relevant content across various digital channels, leveraging CMS platforms such as WordPress, Hubspot and Salesforce.

**Graphic Designer:** Adept at creating visually striking designs, including logos, illustrations, and marketing materials.

**Animator:** I possess strong animation skills, creating dynamic 2D animations for HTML5 that enhance user engagement across web platforms.

**Art Director:** I conceptualize and execute creative campaigns, videos, and other visual assets that effectively communicate brand identity, achieve marketing objectives, and drive audience engagement.
